Empathy
Problem Solving
Active Listening

Education

1. Bachelor of Interactive Design and Development — 2023 - 2027
   Gyalpozhing College of Information Technology
2. Commerce — 2021 - 2022
   Desi HIgh School

Experience

XCEED - Startup Initiative, GCIT — 2023 - 2024
Role: UI UX Designer
- Designed brand identities and logos for startup and client projects
- Revamped and improved existing website interfaces for better usability and visual consistency
- Created responsive UI layouts and design assets
- Contributed to photography and videography production for marketing and promotional materials

Projects

RentEase – Property Rental Platform — Nov, 2025
Role: UI/UX Designer & Full-Stack Developer
Independently designed and developed a rental platform using React and Node.js, building the UI/UX and responsive features for seamless property management.

Vego – Car Rental Platform — Nov, 2025
Role: UI/UX Designer & Frontend Developer
Developed a car rental platform with React and Node.js, focusing on UI design and front-end functionality to improve usability and booking flow.

Vallusia - Figma based game — May, 2025
Role: UI/UX Designer & Full-Stack Developer
Designed a game interface in Figma, focusing on layout design, user flow, and creating an interactive user experience.

Projects

Aumichala - Documentary on Women Entrepreneurship — May, 2025
Role: Videographer and Production team member
Collaborated on a documentary project, handling camera work, conducting interviews, coordinating with participants, and contributing to the editing process.

Unravel – Gamified Bhutanese History Platform — Jun, 2025
Role: UI/UX Designer
Designed a gamified learning platform in Figma, creating wireframes and prototypes with a focus on intuitive navigation and engaging user experience.

Certifications

Introduction to Cybersecurity - Cisco Netwrok Academy — Apr, 2025
Gained foundational knowledge of cybersecurity, including threats, data protection, and safe online practices.

IELTS Certification — May, 2023
Demonstrated strong English proficiency and communication skills.

Achievements

Unravel — May, 2024
Received recognition for developing a gamified platform that enhances learning through interactive UI/UX and engaging design.

Academic Achievements — Dec, 2022
Received recognition for developing a gamified platform that enhances learning through interactive UI/UX and engaging design.

Participation

Women's Hackathon — Apr, 2026
Participated in a women-led hackathon focused on developing innovative solutions to address childcare challenges for working women.

Integrity Club Volunteer — Nov, 2024
Contributed to community initiatives including environmental cleaning campaigns organized through the college Integrity Club.

Empowering Women in the Bhutanese Film Industry — Aug, 2024
Participated in a program focused on developing skills and promoting women's participation in the Bhutanese film industry.

Languages

English - Full working proficiency
Dzongkha - Native / Bilingual proficiency
Hindi - Elementary proficiency
